“I listen to Pandora on my computer. You just hit Pandora and it plays whatever you want. You choose any group and it'll add others like it. I hook up my speakers to my computer nice and loud. It's been 4 or 5 years since I switched from CDs.”

– Mary Jo Rogan, owner, Suit Your Taste clothing store (Trinidad)

“I use my Samsung Galaxy phone. I have about 520 songs on it now. I use an app called Music Downloader off of Google Play. The songs are free. I use iHeart radio. It's an app where you can listen to any station in the country.”

– Alex Veltri, assistant manager, Rent-A-Center (Trinidad)

“In my vehicle I listen to the radio mostly. At home, usually whatever music is on whatever channel my TV is on. I listen to music on the TV. I don't have any iPad or anything like that.”

– Aaron Sedillo, retired janitor, MCMC Long-term Care (Raton)

“I listen to Sirius in my car and Pandora or iHearts radio on my phone. My kids have Beats headphones but I just use ear buds, or I blast it in my car.”

– Lyann Sisneros, Columbia Elementary School secretary (Raton)

“Just my iPhone. I wear ear buds. I used to listen to the radio but now it's all my phone, with 263 songs and no radio.”

– Jason Valdez, oilfield worker, Weatherford (Trinidad)

“You're going to laugh. A car radio, and at home a boombox that plays CDs and cassettes. My school kids make fun of me. I bought a car that can do it all, but I don't want to take the time to learn all the stuff.”

– Melinda Marlowe, artist and teacher, Cimarron (Raton)
