## PLANS FOR PURGATOIRE

# Watershed Partnership to host annual Meeting

## PWP welcomes public to attend meeting at 5 p.m. this Wednesday

By Steve Block  
The Chronicle-News

With its new Watershed Plan now in place and some local grant funding secured, the Purgatoire Watershed Partnership (PWP) will hold its annual meeting beginning at 5 p.m. on

Wednesday, January 21, at the USDA Service Center located at 3590 East Main St. in Trinidad. The center is also the home several other government agencies.

The PWP welcomes the public to attend the annual meeting. The Purgatoire River Watershed is located in southeastern Colorado and

stretches from just south of the New Mexico border to the town of Las Animas, Colorado. Originating in the Culebra Range of the Sangre de Cristo Mountains, the river traverses 196 miles before it drains into the Arkansas River at John Martin Reservoir. The total area of the Purgatoire River Basin is 2,206,204 acres, and the largest community in the watershed is the City of Trinidad. The average elevation of the watershed is 6,008 feet above sea level, with a maximum elevation of 13,962 and a minimum elevation of 4,321 feet.

## NEW TRINIDAD BAKERY!

# Sunshine Donuts to offer great morning options

By Steve Block  
The Chronicle-News

It's a good thing that Eun Shin and Jae Chang get along together very well, because they'll be arriving for work at 1 a.m., to begin preparing the tasty goodies that will be the stock in trade of Sunshine Donuts. Trinidad's newest restaurant will open on February 1 at the former Dairy Queen located at 416 University St., with business hours of 6 a.m. until noon on Tuesdays through Sundays. Everything will be baked fresh every day. Sunshine Donuts will be open for business on Monday, February 2, but will be closed on Mondays after that.

Business owner Shin and his wife, Chun, will staff Sunshine Donuts, along with veteran baker Chang. The crew has been working together for more than 10 years at bakeries in Fort Worth and Stephenville, Texas. The Chun's daughter, Janie, will return from school at Texas A&M to help out at various times of the year.

A wide variety of donuts will be for sale at reasonable prices, along with biscuits, burritos, croissant sandwiches, pigs-in-a-blanket, cake donuts and ham and cheese Kolaches. Hot coffee, soft drinks, milk and juice will also be available to combine with the goodies for either sit-down or drive through meals.

Eun Shin said he first visited the Trinidad area on a vacation from Texas to Yellowstone National Park, and immediately fell in

# Youth art show draws record number of entries

## 3rd annual Shades of the Southwest Youth Art Show

By Tim Keller  
Correspondent  
The Chronicle-News

RATON - The 3rd annual Shades of the Southwest Youth Art Show, on display at Old Pass Gallery through the end of January, drew a record 85 entries from school-age artists from throughout the region, with most coming from Raton. Raton High School junior July Hunnicutt won Best of Show in the high school division with her self-portrait, drawn with a pencil.

Presented by Raton Arts & Humanities Council and Raton Parks and Recreation, cash prizes in all divisions and age groups were

## Youth art show draws record number of entries

Recreation, announced the prizewinners and handed out awards.

William Worth Warder dominated the kindergarten-second grade division with winning entries in both the pencil and sculpture categories. His "Route 66" won Best of Show for his age group.

The third to fifth grade division saw more diversified results with Giana Marez winning in the pencil category, Sarah Jeanne Warder winning for painting, Creede Chatterley winning for sculpture, and Carson Chatterley winning for photography. Best of Show for the division was won by Sarah Jeanne Warder for her "Tropical Sunset."

In the sixth to eighth grade division, Silver Hunnicutt won the pencil category, Mackenzie Gruver the painting category, and Zeke Alderette the sculpture category. Mackenzie Gruver's "Windmill" won Best of Show for the division.

In the high school division, July Hunnicutt added a first place for painting to the Best of Show she won with her self-portrait. Audrey Munden and Renee Martinez placed second and third in pencil while Patrick Blaisure and Teresa Blaisure won second and third in painting. Megan Pietre won the photography category.

The People's Choice Award, with a \$100 prize, will be announced this week after weekend audience votes are tabulated.

Schools in Cimarron, Maxwell, Des Moines, and Raton were represented in the annual competition.

## Sunshine Donuts to offer great morning options

love with its natural splendors and historic ambience.

"Trinidad is a very beautiful city. I like snow and I love being close to the mountains," Shin said. "I got a good impression of the town and we're looking forward to being a part of the business community here."

Janie Shin said she had worked the drive through area at her parents' Texas donut shops, and had been a cashier and done some cleaning. She said she's enjoyed the human interaction that comes with working in a busy restaurant.

"During the summer and when we have breaks from school, I come

and work for them," Janie said. "I like meeting new people. If I don't see them around town, then I'll see them in the mornings when they come into the shop, and I'll get the chance to talk to them. My parents have been talking to a lot of people around town, to try to get a feeling for the community."

Sunshine Donuts will provide busy people on their way to work the chance to get tasty treats and that critically important cup of morning Joe before their hectic days begin. The wonderful scent of freshly baked donuts and other goodies will provide a good reason to stop by.

## Watershed Partnership to host annual Meeting

Local citizens came together in 2012, to discuss ongoing concerns in the Purgatoire River Watershed. They soon formed the Purgatoire Watershed Partnership, a stakeholder watershed group that functions out of Trinidad, Colorado. This collaborative organization is comprised of members with diverse interests who work towards the conservation, protection and enhancement of the Watershed's health. A part-time Watershed Coordinator, Karen Wolf, a full-time AmeriCorps VISTA volunteer and a Board of Directors manage the PWP. The PWP held its first official meeting in January of 2013 and will celebrate its two-year anniversary this Wednesday at its annual membership meeting. The public is welcome to attend this and all PWP meetings, which are held the third Wednesday of each month at 5:00 at the USDA Service Center.

With support from a Bureau of Reclamation WaterSMART: Cooperative Watershed Management Program grant, assistance from the Spanish Peaks-Purgatoire River Conservation District, and a donation from Pioneer Natural Resources, the Purgatoire Watershed Partnership was able to produce a watershed plan. Completed in November 2014, the Purgatoire River Watershed Plan summarizes the characteristics of the 2.2 million acre Purgatoire River Watershed and water-related issues in the region. The Watershed Plan outlines goals, and objectives

that address these issues, and presents potential projects and strategies that will improve the health of the Watershed. The goals of the Plan are to improve water quality, to increase water quantity, to mitigate invasive species, to improve riparian ecosys-

tems, to enhance recreational opportunities, to manage healthy forests and grasslands, to educate the public regarding water issues, and to maintain an active watershed stakeholder group. In order to implement projects and achieve its goals the PWP must continually seek grant funding. One project of the PWP is its newly created Our Water, Our Watershed education program that just received start-up funds from the Bar NI Ranch Community Service Fund.

Anyone can join the PWP, which has annual dues of just \$10. Call Karen Wolf at 303-543-8688 for more information or e-mail: purgatoirewatershedpartnership@gmail.com. The watershed plan can be found online at: [www.purgatoirepartnership.org](http://www.purgatoirepartnership.org).

"We want to encourage everyone to come to our annual meeting if they are interested in water-related issues in our region," Wolf said.

## What is the Purgatoire Watershed Partnership?

By Purgatoire Watershed Partnership  
Special to The Chronicle-News

### Purgatoire River Watershed

The Purgatoire River Watershed is located in southeastern Colorado and stretches from just south of the New Mexico border northeast to the town of Las Animas, Colorado. Originating in the Culebra Range of the Sangre de Cristo Mountains, the Purgatoire River traverses 196 miles before it drains into the Arkansas River at John Martin Reservoir. The total area of the Purgatoire River Basin is 2,206,204 acres and the largest community in the Watershed is the City of Trinidad.

The elevation of the Watershed averages 6,008 feet above sea level, with a maximum elevation of 13,962 feet and a minimum elevation of 4,321 feet.

### PWP Background

In 2012, local citizens came together to discuss ongoing concerns in the Purgatoire River Watershed. They soon formed the Purgatoire Watershed Partnership, a stakeholder watershed group that functions out of Trinidad, Colorado. This collaborative organization is comprised of members with diverse interests who work towards the conservation, protection and enhancement of the Watershed's health. The Purgatoire Watershed Partnership (PWP) is managed by a part-time Watershed Coordinator, a full-time AmeriCorps VISTA volunteer and a Board of Directors. The PWP held its first official meeting in January of 2013 and will celebrate its two-year anniversary

this Wednesday at its annual membership meeting. The public is welcome to attend this and all PWP meetings, which are held the third Wednesday of each month at 5:00 at the USDA Service Center, 3590 East Main Street, in Trinidad.

### PWP Watershed Plan

With support from a Bureau of Reclamation WaterSMART: Cooperative Watershed Management Program grant, assistance from the Spanish Peaks-Purgatoire River Conservation District, and a donation from Pioneer Natural Resources, the Purgatoire Watershed Partnership was able to produce a watershed plan. Completed in November 2014, the Purgatoire River Watershed Plan summarizes the characteristics of the 2.2 million acre Purgatoire River Watershed and water-related issues in the region. The Watershed Plan outlines goals and objectives that address these issues and presents potential projects and strategies that will improve the health of the Watershed. The goals of the Plan are: 1) improve water quality, 2) increase water quantity, 3) mitigate invasive species, 4) improve riparian ecosystems, 5) enhance recreational opportunities, 6) manage healthy forests and grasslands, 7) educate the public regarding water issues, and 8) maintain an active watershed stakeholder group. In order to implement projects and achieve its goals the PWP must continually seek grant funding. One project of the PWP is its newly created Our Water, Our Watershed education program that just received start-up funds from the Bar NI Ranch Community Service Fund.
