

OVER THE PASS

"I had some little jobs growing up, lawn care and the like, and writing papers for dumb seniors in high school, but my first real job was at a not-for-profit Internet news site, Atheist Republic. I only did two articles for them before I was gone awhile and I've never gotten back."

— Sky Oak Red Rock Thomas Aquinas ("Red") Magner, housekeeper, Trinidad Inn & Suites

"My first job was delivering The Chronicle-News on my bicycle, for four years starting when I was 14. We'd start right after school. I had a route with just 50 papers. Once I tried a route out by the dump but it was too hard so I went back to the easy one."

— Randy Haigh, between jobs, Trinidad

"I started working at the Irving Theater, a small-town Texas movie theater in the 1960s, when I was 16. I worked the window and the concession stand. I worked in a series of theaters, including a drive-in when I started driving. I remember the James Bond movies, and later the first Godfather."

— Linda Walker, tour guide, Trinidad History Museum

TIM KELLER'S CONNECTIONS

"What was your first job?"

"My first job was at Koch's Drug Store in Milwaukee when I was 17. I was a part-time clerk there for four years. The pay wasn't much, \$1.26 an hour, but it was one door away from my house."

Colorado High School Athletics Assn. Special to The Chronicle-News

The Colorado High School Activities Association and its 352 member schools opened the 96th school year with Boys' Golf official practice beginning August 8. All other sports start officially started on August 15. Student athletes in cross country, field hockey, boys' golf, football, girls' gymnastics, boys' soccer, softball, boys' tennis, volleyball and spirit (cheerleading) have anxiously awaited that starting date.

Prior to the start of practice, though, the CHSAA will have participated in several meetings for coaches and school administrators, including the annual New AD/Principal's and League Presidents/District Athletic Directors meetings, held in conjunction with CHSAA's All-School Summit on August 1-2. The annual Colorado High School Coaches Association meeting was held July 28-29 with all CHSAA administrators participating in the various events.

"Nelson Mandela once said that education is the most powerful weapon one can use to change the world. Each new school year begins the same way with great hope and desire that our next generation will surpass anything our generation left. High school athletics and activities, community-based and focused on the transformation of students have proven time and again to be a vehicle to accomplish change and build
